

W/C 22.06.2020: Learning Project - Music

Age Range: EYFS Reception

Weekly Reading Tasks	Weekly Phonics Tasks
<p><b>Monday-</b> Story sound effects- Read a story together and add in your own musical sound effects e.g. make swishy swashy sounds with fabric to go with 'We're Going on a Bear Hunt'. You can repeat this with as many stories as you like!</p>	<p><b>Monday-</b> Play <a href="#">flash card time trial</a> to practice recognising phase 3 sounds. Think of onomatopoeia words and have a go at writing them (e.g. pop, crash, thud)</p>
<p><b>Tuesday-</b> Read together the story of <a href="#">Mr Big</a>. Discuss with your child how Mr Big felt when the other animals didn't want to be around him.</p>	<p><b>Tuesday-</b> Play <a href="#">Online Buried Treasure</a> - Click on the sounds your child is learning. Can your child explain what the real word means?</p>
<p><b>Wednesday-</b> Read and sing a variety of nursery rhymes with your child. Which one is their favourite? Do any of the rhymes have the same rhythm?</p>	<p><b>Wednesday-</b> Use the high frequency word list in homework book to practice 4 high frequency words. Can you write them? Can you use them in a sentence?</p>
<p><b>Thursday-</b> Have a look at some of the different ways music is played. Are there CD's, vinyl records, tapes in the loft that you could show your child? Look at the writing on each and talk about how this gives people information about the music.</p>	<p><b>Thursday-</b> Play <a href="#">make a match</a> game, in which children have to read the word and find the corresponding picture.</p>
<p><b>Friday-</b> Using tricky word flash cards ask your child to read these tricky words: <b>I, no, go, to, the, into, he, she, me, we, be</b>. Ask your child to find these tricky words in the stories you are reading.</p>	<p><b>Friday-</b> Play Washing Line Phonics- Peg along a washing line, or clothes airer, a number of different readable words. Give your child a simple sentence and ask them to rearrange the words to make that sentence. Simplify to sounds if needed.</p>
Weekly Writing Tasks	Weekly Maths Tasks- Shape
<p><b>Monday-</b> Ask your child to think about how some musical instruments are played, for example bang a drum, tap a tambourine, shake the maracas. Draw pictures of the instruments and write a simple sentence.</p>	<p><b>Monday-</b> Take your child on a shape hunt. Look around the house and garden for different objects that have: <u>2D shapes</u> – circle, square, triangle, rectangle (oblong) <u>3D shapes</u> – sphere, cube, cuboid, cylinder, pyramid. Encourage and support children to describe the shapes by talking about how many sides, corners, faces they have, if the sides are straight or curved. Such as a square has 4 straight sides all the same length and 4 corners.</p>
<p><b>Tuesday-</b> Write an invitation to your own Family Music Show for a family member. They could watch the show on a video call.</p>	<p><b>Tuesday-</b> Sing these shape songs together: <a href="#">2D shape song</a> and the <a href="#">3D shape song</a>. Then play the <a href="#">Turtle Diary</a> online game.</p>

<p><b>Wednesday-</b> Your child can draw a picture of the events from their favourite Nursery rhyme. Ask your child to write out the words to a part of the song or the song title.</p>	<p><b>Thursday-</b> Find and talk about recycled 3D shape objects e.g. boxes, bottles, tubes, Do they roll? Can you build the shapes on top of each other to make a tower? Can you see any 2D shapes?</p>
<p><b>Thursday-</b> Listen to a piece of classical music of your choice. Ask your child to draw/ paint along to the music. How does the music make them feel? Can they write onto their picture how it made them feel?</p>	<p><b>Wednesday-</b> Can your child draw around objects to create 2D shapes? Ask your child to name the shapes they have drawn. Can they cut the shapes out to make a 2D shape picture i.e. a house, rocket, robot?</p>
<p><b>Friday-</b> Practice at least one page from your handwriting book. You may also wish to use this <a href="#">animated letter formation tool</a> to help your child practise letter formation. You can select those they find most challenging.</p>	<p><b>Friday-</b> Make a 'guess the shape' flap book by writing a clue to describe the shape, e.g. 'it has one side and no corners' and open to reveal a circle!</p>

### Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more about music. Learning may focus on famous musicians, listening to and performing music and exploring a range of music genres and instruments.

#### Drummers Drumming

- Using pots, pans and baking trays from the kitchen lay out your own 'drum kit'. Allow your child to explore by banging and tapping the pans to see the different sounds they make. Extend this activity by tapping out a rhythm and asking your child to listen to it then repeat it. You could make this more difficult by adding in a blindfold so they have to rely on the sound to identify which pot or pan they need to hit to copy.

#### Make your own Music

- Your child could create a guitar using a plastic tub with elastic bands wrapped around it. Can your child draw instructions on how to make a guitar for somebody else to follow?
- Ask your child to find a stick from the garden and explore making music around the house by tapping, hitting and scraping. You could ask them to make loud sounds, quiet sounds, sounds that are short and long.

#### Play 'What's that Sound?'

- Game 1-** Hum a song to your child that they are likely to know. Can they guess which song it is from the tune alone? Take it in turns to hum out a tune.
- Game 2-** Go into a room of the house while your child listens outside of the door. Make a sound or play a rhythm out on an item in the room e.g. tapping on the table. Open the door and ask your child to find what you used to make the sound.

#### A Family Music Show

- Ask each member of the family to prepare a song and then put on a singing performance. You could select someone to be the judge or ask a family member to watch on a video call and decide on the winner. Don't forget to send the invite first (see writing task).

## Discovering Different Eras

[1920's](#)[1930's](#)[1940's](#)[1950's](#)[1960's](#)[1970's](#)[1980's](#)[1990's](#)

- Click on the links above and listen to a sample. Which era did your child find most enjoyable to listen to? Can they dance in the same style?

## STEM Learning Opportunities

### **Making Instruments – Make Sound Shakers**

- Collect some different containers with lids, make sure you cannot see through them. The small plastic containers from inside chocolate eggs work really well. Put different materials in the containers. (Stones, rice, sugar, paper clips etc.)
- How many shakers can you make? Do they all sound the same? Can you make a shaker that is difficult to recognise? Can you make loud and quiet sounds with them?
- For more ideas take a look at the full resources [here](#).

## Additional learning resources parents may wish to engage with

[White Rose Maths](#) online maths lessons. Watch a lesson video and complete the worksheet (can be downloaded and completed digitally).

[IXL](#) Click on Maths, Reception. There are interactive games to play and guides for parents.

[Talk for Writing Home-school Booklets](#) are an excellent resource to support your child's speaking and listening, reading and writing skills.

The Learning Projects are based on the **National Curriculum expectations** for the key stage which your child is in. It may be that your child finds the tasks set within the Learning Project for their year group too simple. If this is the case, then we suggest that your child accesses the Learning Projects which are set for the key stage above.

If your child requires more of a challenge, or you believe that there are some gaps in their learning then [Century Tech](#) is a fantastic resource that is currently free for home learning. The app is designed to address gaps and misconceptions, provide challenge and enables children to retain new knowledge. It uses artificial intelligence to tailor the learning to your child's needs. Sign up [here](#).
